\*Organic origin. Certified according to EC 834/2007. \*\*From natural essential oils.  
100% natural ingredients. Made in Denmark.  
Packaging 100 ml: PETGB bottle / 1000 ml: PET bottle.

**ADDITIONAL INGREDIENT INFORMATION**

**Persea Grattissima Oil (<75%)**

Natural origin (plant-derived). Derived from organic avocado. Contains vitamins A, B1, B2, D and E. Good for dry, dehydrated and mature skin. Excellent moisturising and nourishing properties and effective on problem skin. Suitable for scalp. Makes hair and skin soft and more elastic.

**Prunus Armeniaca Kernel Oil (<50%)**

Natural origin (plant-derived). Derived from organic apricot kernels. Rich in essential fatty acids and vitamins. Penetrates easily into the skin. Good for dry or irritated

skin. Has emollient and moisturizing properties and enhances the skin's natural resilience.

**Prunus Amygdalus Dulcis Oil**

Natural origin (plant-derived). Derived from organic sweet almond. Almond oil has a high content of linolenic acid (GLA) and contains vitamins A, B1, B2 and B6 and some vitamin E. Softens, moisturises and adds suppleness. Enhances the natural resilience of hair and skin. Protects and cares for sensitive skin.

## How to use Organic Oil Treatment & tips

### Oil Hair Treatment

Distribute the oil in dry/towel-dry hair and massage lightly. Wrap cling film tightly around your hair. Finish by wrapping a towel around your hair and wait for 30 minutes. Wash your hair twice with Zenz Organic Hair Shampoo. The first time without using water. Apply the oil treatment 1-2 times a week or when needed. Provides a healthier and shinier hair as well as a healthy scalp without itching and dryness.

### Cream Hair Treatment

Mix the oil with Zenz Organic Hair Treatment no. 03 in the ratio ½ oil, ½ treatment. Distribute the mixture in dry/towel-dry hair and massage lightly. Wrap cling film tightly around your hair. Finish by wrapping a towel around your hair and wait for 30 minutes. Rinse hair thoroughly. Apply the treatment 1-2 times a week or when needed. Provides a healthier and shinier hair as well as a healthy scalp without itching and dryness.

### Split End Treatment

Spread a few drops of oil through the ends before styling to protect, restore and nourish the ends. The nourishing oil lays down tiny hair, so the hair looks healthy. Prevents split ends and gives hair great shine.

### Shine Treatment for Smooth or Curly Hair

Mix a few drops of oil with some Zenz Organic Hair Conditioner or Treatment and distribute in semi-dry hair. Let the hair dry naturally or use blow dryer.

### Face Care

Massage 4-5 drops of oil into your face after cleansing and toning. Then wipe off the excess with a tissue. Apply the oil alone or on top of your day or night cream. Apply 2-3 times a week or when needed. The result is a saturated skin with vital radiance. Always use sunscreen on top of the oil, if you use the oil during the day.

### Eye Make-up Remover

Spread a few drops (only Oil Treatment Pure no. 97) in the eye area and massage lightly over eyelashes, eyebrows and eyelids. Remove with a damp cotton pad and follow by toning.

### Body care

Massage the oil into damp skin after your bath or mix it with cane sugar and peel the mixture on your body in the shower. Provides a soft and sensuous skin with plenty of glow and radiance. Adds extra nutrition to your skin. Also suitable as nourishing massage oil.

### Bath

Use 1-3 tablespoons of oil in your bath or footbath. Sit back and enjoy the pleasant aromatherapy sensory experience, while your skin becomes incredibly soft and supple.

### Make-up

Mix oil in your mineral powder foundation if your skin is dry or needs extra care. This will nourish the skin and produce a silky and almost invisible covering foundation that melts naturally into the skin. It also allows the foundation to blend better into the skin.

Concealer: Mix oil (or moisturiser) in your Zenz mineral foundation to easily brush the concealer on.

Foundation: Mix oil (or moisturiser) in your Zenz mineral foundation and apply with a sponge or brush.
