

Natural or certified organic ingredients

- Ion technology with ion charged bristles
- Ergonomic handle in eco-friendly bamboo
- Restores the hair's balance and shine
- Reduces static electricity and frizz
- Gives faster drying and better styling
- Antistatic and antibacterial
- Professional haircare that cares about your health and environment

Professional ionic hair brushes that restore the hair's balance and shine and also reduce static electricity and frizz. Ergonomic and stylish handle made of eco-friendly bamboo which is stronger, lighter and more durable than wood.

PADDLE BRUSH COMBO

Paddle brush with a special blend of ionic bristles and 100% boar bristles. The ion charged bristles gives an effective combing and the boar bristles gives a shiny hair.

The brush combs the hair gently and adds moisture and shine to the hair. Use the brush daily. The brush is ideal if you have curled or straightened your hair. Not suitable as blow-drying brush.

PADDLE BRUSH LARGE

Paddle brush with ion charged bristles. Excellent for combing medium long/long hair as it is very gentle on the hair. Not suitable as blow-drying brush.

Natural or certified organic ingredients

ADDITIONAL INGREDIENT INFORMATION

Aqua

Water. Solvent.

Ceteareth-30

Synthetic and natural origin (plant-derived). Emulsifier.

C18-36 Acid Triglyceride

Synthetic and natural origin (plant-derived). Adds consistency and hold.

Alcohol Denat. (Isopropyl Alcohol)

Synthetic and natural origin. The alcohol is from natural origin and the isopropyl alcohol (used to denaturate the alcohol) is synthetic. Used as a solubiliser for the rest of the ingredients.

Glycerin

Natural origin (plant-derived). Vegetable ingredient derived from organic fats and oils. Moisturises, softens and preserves the skin and hair's natural moisture balance. Improves skin and hair elasticity. Provides shiny and healthy hair.

Cetearyl Alcohol

Natural origin (plant-derived). Vegetable texturiser derived from palm or coconut oil.

Cera Alba

Natural origin (produced by animals). Derived from natural beeswax. Provides great hold in hair. Nourishing properties.

Hydroxypropyltrimonium Hydrolyzed Corn Starch

Synthetic and natural origin (plant-derived). Styling agent produced from modified corn starch. Provides good hold.

Lanolin:

Natural origin (produced by animals). Derived from sheep's wool. Provides hold and shine to hair.

Phenoxyethanol

Synthetic origin. Mild preservative approved by Nordic Ecolabel and AllergyCertified

Benzoic Acid

Synthetic origin. Can be found in some plants. Mild preservative approved by Nordic Ecolabel and AllergyCertified.

Dehydroacetic Acid.

Synthetic origin. Mild preservative approved by Nordic Ecolabel and AllergyCertified.
