

Natural or certified organic ingredients

- Without synthetic/essential perfume
- Excellent for sensitive eyes
- Professional mineral make-up - a healthy choice

Vegan mascara, which separates and defines the lashes so they become long and thick. Zenz Natural Mascara Black emphasises the eyes and gives soft and weightless lashes. The lashes become uniformly thick, dark and seems longer.

A unique formula combining the nourishing properties of natural oil plants, the thickening and strenghtening properties of vegetable waxes with the intensity of colour long lasting natural mineral pigments.

With active natural ingredients like:

- rice bran oil and olive oil to soften and nourish the lashes
- carnauba and candelilla waxes to thicken the lashes
