 No. 590 Lucille / EAN 5 060241 990251

- Without synthetic/essential perfume
- 100% pure minerals
- Natural SPF 15
- Non-comodogenic
- Professional mineral make-up - a healthy choice

Zenz mineral shadows is a loose powder made of 100% pure top grade minerals. Helps to nourish the skin and gives a natural flawless look. Vegan formula without additives, that can cause skin irritation and allergies (such as fragrance, parabens, synthetic dye, nanoparticles, mineral oil, talc or synthetic minerals as bismuth oxychloride).

- With natural SPF 15 that protects from the harmful UV rays, wind and free radicals.
- Hypoallergenic, chemical free, does not clog skin pores.
- Bacteria cannot survive in mineral make-up as pure minerals have anti-bacterial properties and thus are less prone to get contaminated.
- Mineral make-up is widely recommended by plastic surgeons and dermatologists as it is hypoallergenic and thus can be used even after surgery, microdermabrasion and chemical peeling.

INGREDIENTS: Mica, +/- CI77891, CI77491, CI77492, CI77499, CI77007.

Zenz mineral make-up is in compliance to EU Cosmetic Regulation 1223/2009. Made in UK.

Usage & tips

USE

For best result use Zenz double or angled brush. Can be used in wet or dry form. In wet form, wet the brush with water, add some powder into the lid and blend it around.

TIPS

1. Using a shade that contrasts with your eye colour will emphasise your eyes. A colour that matches your eye colour will even your eye colour.
2. Eyeshadows applied wet give a very dramatic look, applied dry gives a softer natural look.
3. Mix different shades to create your unique personal colour.
4. Use a fine angled brush to apply the shadow (wet or dry) as a eyeliner or eyebrow shadow.
5. Dip the end of your lip balm in some eyeshadow or blush to create your customized lipgloss colour.
6. Mix some sparkle eyeshadow (no. 590 Lucille) in your body oil or lotion to add luster and shine to your skin.
